## IT MAKES US ALL UNSAFE.

**Governor Bill Ritter** wants to implement a program by July 19 called **Secure Communities**.

This program will send the fingerprints of anyone arrested and booked for **anything** to Immigration.

This includes the wrongly accused and innocent victims of domestic violence.

Secure Communities is a dangerous **collaboration between Immigration and the state of Colorado** which will prevent victims and witnesses of crimes from coming forward.

### It will create fear and mistrust in our communities.

**CALL GOVERNOR RITTER NOW @ (303) 866-2471**

**Tell him NOT to agree to  
Secure Communities,  
because it will hurt us all.**

The deadline is July 19 so we need your help, **CALL NOW!**
